Highway Commission Will Ad-
vise in Road Building—Arthur E.
Loder to Be Consulting Engineer

The Board of Supervisors met in
adjourned session Monday, May
26th, there being present Wm. H.
Brown presiding, D. E. Blackburn,
Jas. T. Casey, Jos. M. Francis and
John MacBain. Three members of the
advisory board were also present.

A communication was received
from the Loma Park Improvement
Club, inquiring as to charges that
were being made by the light and
power company against that district.

E. W. Florence, the manager of
the company explained that charges
had only been made for such fixtures
as had been installed as the work progressed.

County Treasurer P. P. Chamberlain
appeared before the board and
stated that he desired to take
possession of his office in the court-
house and would require certain
furniture and fixtures, including a
strong box in which to keep the
county's money.

On motion of Francis, seconded by
Casey, the matter was referred to
the courthouse committee to be re-
ported upon at the next meeting.

A communication was received
from A. E. Loder of the State High-
way Commission, accompanied by
deeds for the right of way of the
State Highway in the First town-
ship. The deeds were accepted on
motion of Casey, seconded by Francis,
and the clerk directed to re-
cord same.

M. B. Johnson of the advisory
committee on county roads ad-
dressed the board, stating that he and
his fellow members were ready to
act with the board and assist in
any way within their power.

Mr. Johnson then presented the
following communication from the
State Highway Commission:

Mr. M. B. Johnson—Dear Sir: In
reply to your oral inquiry of this
morning, I would say that such
Commission will do everything in
its power to assist you in the mat-
ter of constructing a system of county
highways for county to the ex-
tent of acting as consulting en-
gineers for you. It is probable that
the best way to get at this would be
to detail one of our engineers to
act as consulting engineer.

Whether or not this en-
gineer will be compensated by the
county is a matter that will have to
be left open for the present, but I
feel that I can assure you that such
assistance will be given. Yours very
truly,

A. B. Fletcher,
Highway Engineer

The communication was accepted
and Arthur E. Loder was appointed
assistant to the county surveyor
on motion of Casey, seconded by
Blackburn.

The following communication was
received from the clerk of the
Board of Supervisors of San Fran-
cisco:

Mr. M. B. Johnson—Dear Sir:
Confirming oral information given
you and your association in this of-
fice today, I am pleased to inform
you that the Board of Supervisors
of this county have provided money
for the completion of that portion of
the San Bruno road in this city and
county.

Seventy-five thousand dollars
is immediately available, and the
forthcoming budget will
carry an additional appropri-
ation sufficient to make a
first class highway, paved, sewer-
ed and gutted of the San Bruno road.
The Supervisors realizing that
San Bruno road is the main out-
let of the city have provided to re-
lieve property owners of half the
burden of this improvement. All legal
obstructions have been removed,
and it is now up to the Board of
Public Works to do the work. I am
informed that the work will be ex-
pedited, and I know that the money
will be provided as needed. Sincerely
yours, J. S. Dunnigan,
Clerk.

Mr. Johnson stated that this mat-
ter had been under consideration by
the advisory committee and short-
ly the board would be invited to in-
spect the proposed point of con-
nection of the State Highway of this
county with San Francisco.

The surveyor's report presented at
the last meeting outlining the work
of county road building that should
be first undertaken by the board
was taken up.

Mr. Neuman stated that while he
had advised that certain work
should be done he doubted it
would be possible to do all that had
been outlined before next winter.

In view of the road building that
is to be done within the incorpor-
ated cities, Manager Fuller of the
County Development Association pre-
sented the following resolution
which was adopted on motion of
Blackburn seconded by MacBain:

Whereas, the contract let by the
State Highway Commission for the
construction of that portion of the
State highway between San Mateo
and Beresford, provides for the
building of a highway twenty feet
in width, and whereas, that portion
of the State highway already built
between Baden crossing and Burl-

ingame is twenty-four feet in width,
now therefore be it,

Resolved, by the Board of Super-
visors of San Mateo County in special
session this 26th day of May,
1913, that the State Highway Com-
mission be urged to let a further con-
tract providing for a highway twenty-
four feet in width between San
Mateo and Beresford, and be it
further,

Resolved, that it is the sense of
the Board of Supervisors that the
Highway Commission be requested
to construct all portions of the
State Highway between San Mateo
and the Santa Clara county line to
a width of twenty-four feet.

A lengthy discussion was had as
to the amount of money that would
be required to carry out such work
as could be done this year. Mac-
Bain advising that attention be
given to all of the townships so
that all would be satisfied. He
believed that the work should com-
mence at the State Highway and be
continued toward the mountain. If
the mountain roads are graded this
year that would be as much as
might be expected.

Casey moved that bonds to the
amount of \$350,000 be at once of-
fered for sale. He was seconded
by MacBain, and the motion car-
ried.

R. F. Chilcott presented plans
furnished by the Otis Elevator Com-
pany for a dumb waiter connecting
the recorder's office with the court-
house basement of an estimated cost
of \$165.

The matter was referred to the
Courthouse committee.

E. M. Moores stated that an at-
tempt had been made by the State
Highway Commission to have a bill
passed regulating traffic on county
roads but it had failed. He again re-
minded the board of the need of
such a law and cited an instance of
where the roads had been recently
damaged by a heavy auto truck car-
rying 22,000 pounds of bricks.

It was the sense of the board that
action would have to be taken.

MacBain moved that Charles Ja-
cobus be appointed as courthouse
janitor to fill the vacancy caused
by the death of Edward Stephens.
He was seconded by Casey and the
motion carried.

On motion of Casey, seconded by
Francis, Dr. W. G. Beattie was re-
appointed county health officer.

PICTURESQUE SCENERY ALONG THE OCEAN SHORE

Until the Ocean Shore railroad
was built few knew that inspiring
scenery fledged the shores of the
Pacific between San Francisco and
Santa Cruz. In fact this trip, up
to that time, had to be made by
buggy or by auto, and aside from
a few curious nature lovers and
truck garden farmers and a few
who had to take the journey the
roads here were seldom used.

Skirting the impressive shore line
of the San Francisco peninsula, the
Ocean Shore now runs its trains over
as inspiring and interesting a
bit of country as can be found any
where in the world.

Seated in the commodious obser-
vation car, the traveler over the
Ocean Shore passes rapidly through
San Francisco's busy commercial
district, then out through the truck
farming district, terraced like the
gardens of the old world with wind-
mills that remind one of Holland.
From car windows the traveler is
afforded some of the most wonder-
ful marine views as the train speeds
along the Pacific Ocean.

The line passes the picturesque
Halfmoon Bay section, which still
bears evidence of its early Span-
ish settlers. Farther on lies Peb-
ble beach, reached by stage, one
of the show places on this road.
Here nature has created a wide
stretch of sea beach, over which she
has scattered thousands of beau-
tiful colored pebbles—San Francisco
Call.

C. J. Bettin has presented the
grammar school with fifteen silver
and copper coins of various sizes
and designs, some of them quite
old. Gifts for the school museum
from the pupils and patrons of the
school are becoming quite frequent
and are thankfully received. The
school is ambitious to have a good-
sized collection.

THE LATEST FASHION NOTE

Says: "It is a wise precaution against
getting holes in delicate hosiery to
sprinkle the amount of powder
Allen's Foot-Ease, into the shoes, and find
that it saves its cost ten times over in keep-
ing holes from forming as well as lessening
friction and consequent smarting and aching
of the feet."

LOCAL BASEBALL TEAM GETS SAN MATEO SCALP

San Mateo was shut out by the
locals last Sunday to the tune of 4
to 0. It was one of the fastest and
best played games of the season,
good playing featuring every inning.
The most spectacular was the work
of Lamar, the San Mateo short-stop,
and Castro's catch of a line drive
which cut off a certain score. Turn-
er repeated his stunt of last year.
When in the third inning he poled
the first pitched ball over the left
field fence for a home run. Swain's
batting also featured. He secured
two hits out of three trips. Keat-
ing allowed San Mateo but four hits.
All of the Redwoods played star ball
behind him, the outfield also mak-
ing some classy catches.

Next Sunday Redwood will play
the Barney Frankels for the second
time. As the Frankels have been
strengthened and as the score last
time was but 5 to 4, a great old
game can be looked for.

Sunday morning the Boys' Club
showed up the so called "Come-
backs" by a score of 17 to 7. With
the score of 3 to 1 against them
in the fourth inning the Boys' club
showed the "sand" for which they
are noted and pounded Mengels all
over the lot for nine hits and seven
runs and in the seventh they again
started a bombardment and scored
five more runs.

Next Sunday at 10 a.m. the Boys'
Club will play the Western Meat
Company of South City. This team
has won all its games thus far and
its men are all older and larger
than our boys who claim that "size
don't count," so you can surely
expect to see the fur fly when as
batteries, Chaves and Lamb will op-
pose Sullivan or Steele and Spell-
man.

As quite an expense will be en-
tailed in bringing down this team,
an admission of 15 cents will be
charged and the worth of the money
is assured.

TONY OLMOS GOES TO PRISON FOR LIFE

Tony Olmos, who several months
ago shot and killed Mrs. Mary Regis
has escaped the gallows through a
plea of guilty at San Jose Monday
and will spend the rest of his days
in San Quentin. This is the first
time that such a plea was ever ac-
cepted in a San Jose court. Olmos
was born in this county and spent
most of his life in this city. He was
well behaved except for an occa-
sional fondness for liquor. His vic-
tim left her home to consort with
Olmos and because she wanted to
part with him, Olmos in a fit of
jealousy shot her down. Olmos at
the same time attempted to take
his own life but failed. The crime
was committed at Palo Alto.

Robert and Paul Mantz have given
the grammar school museum a
number of sheets of foreign post-
age stamps. Friends who have
stamps to spare are cordially invited
to contribute.

ORRINE CURES DRINK HABIT

So uniformly successful has ORRINE been
in restoring the victims of the "Drink Habit"
into sober and useful citizens, and so strong
is our confidence in its curative powers, that
we want to emphasize the fact that ORRINE
is sold under this positive guarantee: If
after a trial, you get no benefit, your money
will be refunded. ORRINE costs only \$1.00 per
box. Ask for Free Booklet.
Ryan's Drugs Store 210 Main Street.

DANGER FROM GRIPPE

Lies in That Cough and Weak,
Worn-out Condition.

Grippe, pleurisy, pneumonia, these
are greatly to be feared at this time
of the year.

To prevent grippe from being fol-
lowed by either pleurisy or pneumo-
nia, it is important to drive the last
traces of it out of the system quickly.

Our advice is to take Vinol, our
delicious cod liver and iron prepara-
tion without oil, and get your strength
and vitality back quickly.

Mrs. A. A. Grubill, of Strasburg,
Va. says: "Grippe left me weak, run-
down and with a severe cough, from
which I suffered four years. I tried
different remedies, but nothing seemed
to do me any good until I took Vinol,
from which I received great benefit.
My cough is almost entirely gone, and
I am strong and well again, and I am
glad to recommend Vinol to others
who suffer as I did."

Try Vinol with the certainty
that if it does not benefit
you we will give back your money.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

THE CLERGY RESPONSIBLE.

At the recent session of the general assembly of the Northern Presbyterian Church a resolution was passed declaring marriage to be a sacred institution and calling for more strict and uniform divorce laws. While expressions of this character are undoubtedly helpful, they must fail of direct results unless followed by some systematic action. If the divorce evil is to be curbed, the marriage question must be made more a subject of church discipline. Even in denominations which have no disciplinary machinery and where large latitude is allowed to individual ministers and churches, there are ministerial associations which might so strongly set their seal of condemnation on the performance of marriage ceremony by a minister save under proper conditions of caution, that it would amount in force almost to authority.

Those who have made a study of the divorce evil have long since learned that much of it is founded on the marriage evil. Too easy marriage leads to too frequent divorce. Elopements, darts, joy rides engagements, too youthful marriages, are all fraught with the potency of divorce.

It would seem that the best way for the church to emphasize the sacredness of marriage would be for its ministers to refuse to perform the ceremony in such cases. Perhaps a safe rule would be for a minister to refuse to perform the ceremony unless he knew at least one of the parties, and was fully satisfied that conditions were such as might be calculated to make the union a good and advisable one.

Strict rules in this respect, enforced by ministerial recommendations in such denominations as have no supervisory authority, and discipline in others—as there already is in some—would do much to relieve the clergy from the responsibility they now bear for the light regard the public seems to have of the sacredness of the marriage relation.

Of course stricter marriage laws are needed. The clergy cannot bring about the acknowledged needed reform alone. But ultimately the sacredness of the marriage ceremony must be preserved and protected by the church itself, not by the law.

LOCAL NEWS NOTES.

Frank J. Kierce, the well-known San Francisco attorney, attended the graduating exercises of the high school Thursday evening. His nephew, Raymond Griffin was among those who graduated.

W. H. Duxee, who recently graduated from the civil engineering department of Stanford, has been appointed assistant city engineer. He will assist H. H. Sears, the city engineer, who has charge of the proposed street work and other improvements.

The Federal and State Officials have inaugurated a campaign for the destruction of Squirrels and other ground pests. They will soon be here. Get ready for them and clean up your lands. We prepare poisoned wheat and barley and now is a good time to use it. A. D. Walsh Co., Pioneer Drug Store, 12 Broadway.

Earl Claude Martin, the ex-deputy sheriff who deserted his wife and two young children and ran away with a woman some weeks ago, was apprehended in Guthrie, Ohio, yesterday. He waives extradition and will come without any formality. The sheriff will send a deputy after the fugitive today and bring him back for trial. The crime is a felony and punishable from one to fourteen years in the penitentiary. Martin acted as jailer for about six months when he resigned and departed suddenly with a woman living in San Francisco.

Members of Embarkadero Camp, Woodmen of the World and Robin Hood Circle, Women of Woodcraft, annual memorial exercises, which are making preparations for their will be held on Sunday, June 8th. The two organizations will meet at the Odd Fellows' hall at 1:30 in the afternoon and march to Union Cemetery, where the graves of deceased members will be decorated, after which they will return to the hall, where the literary exercises will be held. The services will be conducted by District Manager J. T. Van Hooser of San Francisco, who will deliver the memorial address.

Episcopal Church Services.

St. Peter's church, Redwood City, Sunday school 10 a. m., Holy Communion and sermon 11 a. m., Vespers and address 5 p. m. The Rev. A. B. Chinn, formerly rector of Menlo Park, will assist Mr. Crabtree at St. Peter's during June. He will preach Sunday at 11 a. m. Trinity church, Menlo Park, Sunday school 9:30 a. m., Holy Communion and sermon 10:30 a. m., Evening prayer and sermon 7:45 p. m. Bishop Nichols will visit Menlo on next Sunday, June 8th at 10:30 a. m. for Confirmation.

Redwood City can boast of one of the most attractive moving picture show-houses on the peninsula. Thoroughly ventilated and comfortable seated the Bell Theater is a model of comfort, while manager Nathorst exercises the greatest care in the selection of subjects shown.

HONORS PAID TO NATION'S HEROES

Veterans of Grand Army and the Womens Relief Corps Hold Memorial Exercises

The memorial exercises at the Alhambra, under the auspices of Gen. Geo. S. Evans Post, Grand Army of the Republic, yesterday afternoon was largely attended, the hall being crowded to the doors. By song and speech the story of the deeds of the dead heroes who died that this country may survive and that there should be but one flag was recounted. The ranks of the members of the Grand Army are thinning each year and now only a few veterans remain to march on Memorial Day. Only eight appeared in line yesterday. Post Commander called the large assembly to order and in a few brief remarks announced number of the program. After the completion of the prayer by Father Sullivan, Miss Dodge rendered a piano solo that was well applauded. The singing of the pupils of the grammar school brought a hearty applause. They demonstrated by their singing that they were well rehearsed by their teachers. Their patriotic songs thrilled their hearers. The recitation by Miss Alice Bettin was all that could be desired. She was perfectly at ease on the platform and when she concluded was given a round of applause. A vocal duet by Gertrude and Alma Read was well rendered, the little girls showing wonderful proficiency with their sweet voices. The recitation of little Inez Jamieson was a feature of the program. She is only five years old and in a calm and self possessed manner delivered her short address.

The singing of the pupils of Notre Dame Academy was the hit of the afternoon. The graceful manner of the children and the way in which they rendered their songs showed much careful preparation and training on the part of the good sisters who prepared the pupils. The audience showed their appreciation in loud and long applause.

Lincoln's address at Gettysburg by Comte O'Connell was a good effort, the boy demonstrating oratorical ability. The Star Spangled Banner sung by Mrs. J. M. Kearse of Palo Alto was a splendid rendition of that patriotic air.

Rev. C. H. Stevens' address was a master piece, eloquent, patriotic and full of splendid thought. He paid a high tribute to the soldiers of the Civil War. At the conclusion of his address he was given an ovation.

A reading by Mr. Werder completed the program after which the big audience lustily sang "America."

At the conclusion of the exercises a procession formed on Main street in the following order: Drum corps, Fire Department, members of Grand Army, sons of veterans, pupils of public school and Notre Dame Academy, members of W. R. C. and citizens.

The procession moved to Union cemetery where the following exercises took place:

Prayer, Rev. Mr. Young. Singing by the convent children and decoration of the graves of the departed dead.

DRUNKEN MAN SLASHES WIFE WITH HATCHET.

Mrs. John Brumer of South San Francisco is at the county hospital hovering between life and death with twenty-five hatchet wounds on her body, inflicted by her husband during a drunken frenzy Sunday night. In addition to the cuts two of Mrs. Brumer's ribs are broken and it is feared that she is injured internally. Brumer, who is the foreman of a railroad construction gang at South San Francisco is locked up in the jail in this city. He claims not to know anything about the quarrel that led to the assault.

It is not known how the quarrel started, but the husband, who is said to have been drinking, is alleged to have tried to kill the woman. Two men, neighbors of the Brumers, tried to interfere, but were driven away by Brumer, who threatened them with the hatchet. Constable James H. Wallace at length overpowered Brumer, after the angry man had twice driven him from the house, and Brumer was taken to jail to await the outcome of his wife's injuries.

Services at Congregational Church. Services at the Congregational church next Sunday will be as follows. Eleven o'clock, morning worship, topic, "What is Truth;" 8 o'clock evening service, subject, "Freedom;" 10 a. m. Sunday school; 4:30 and 6:30, Endeavor societies. The public is cordially invited to all services.

Adrane M. Luis, a junior at Sequoia Union Highschool and a native of the Philippine Islands, who came here last year to finish his education in this country and who is working his way through school, wrote the following poem:

Let me say, Oh! Sequoia Union High School, That you are the true house of pledges: Heart of lion, soul without fear, and mighty pool Where boats sail to the garden of knowledge. Some of the boats, now they are arrived: Some are still sailing in the middle. And some begin to sail with heart alive. But if they are not, they still in paddle. Now those who arrived are free to sail again in any where if they wish to continue their journey. And I hope them to sail with valor so they will gain The fruits of their work, sweet as honey.

Firemen on Merry Outing

Sunday last Hose Company No. 3 had an excursion to the coastside. In an automobile bus and accompanied by a number of guests, the party left this city at an early hour and following the Crystal Springs road soon found themselves at the top of the mountain near Byrne's store, where both bay and ocean are plainly seen. Halfmoon Bay was soon passed and the party proceeded up the coast to Princeton-by-the-Sea where they found accommodations at the Princeton Hotel. Here everybody set about amusing himself as he pleased and soon bathers, fishermen and clam diggers were busy. A barbecue had been prepared and was well attended when the amusement seekers tired of their sport. After lunching on the good fare, jangling was indulged in until late afternoon when the party returned greatly pleased with the outing.

Wanted—A light Surrey, undercoat, steel tires. Apply, this office for particulars. 5-31

For Sale—40 White Leghorn Pullets 1-yr. old and small chicks from two months old. Inquire C. C. Stratton, Walsh's Drug Store. 5-31

NEWS GATHERED FROM THE COUNTY

Interesting Notes Picked Up By Hustling Reporters in the Country Districts.

SAN BRUNO NOTES.

The local baseball team is achieving great success in the game. Last Sunday they vanquished the South City team by a score of 10 to 8. So proficient are they that suits will be necessary, and the San Bruno people should be proud of their local and stand in. A committee will wait on the business men, other baseball fans and lovers of sports to secure the suits. Every one should donate and help the boys along.

Elmer Mead and Bessie Kirk were married at San Jose Thursday by the Rev. J. H. Miller, pastor of the M. E. church of San Bruno. Congratulations are pouring in from the many friends of both parties, as they are well and favorably known here.

Secrets will out, likewise the news was too good to be kept quiet. A prominent society man will be married to a society girl of San Bruno in two weeks. The women had their class initiation Tuesday evening. New members beheld the solemnities and antics of the mysterious goat. A fine supper was prepared and the homemade tamales were great. During the evening a guessing contest added considerable interest and presents were awarded.

Rumors are afloat that Tom Dunfield is to be succeeded on the water wagon. Mr. Dunfield is a conscientious, painstaking employee of the county. No word of complaint is or can be said of his work and every one is sorry to lose his services.

A one-horse wagon was added to the equipment of the lumber yard for quick delivery of short orders. The other wagons are too busy with heavy hauling to attend to this line of work.

The Woodmen of the World will give a picnic on the 22d of this month. The committee will select the grounds and as a liberal allowance of money has been awarded them the picnic will be a great success.

Mrs. A. C. Bibbirk met with a serious accident in again breaking her leg where it was broken about eight months ago. She is confined in bed for three months owing to the slow knitting of the bone.

The question of incorporation has made great strides during the last two weeks. As it is becoming better understood the people can see the light of the long-sought progressive movement for the betterment of San Bruno, to make it a shining mark on the peninsula and to be able to greet the homeseeker and induce him to build and to dwell in an up-to-date town. The late acquisition of residents settling in this community are enthusiastic for incorporation and are well informed, as they have always lived in incorporated towns or cities and are spreading the news of the incorporation.

The committee on incorporation appointed at the last meeting, Dr. J. Lynch, F. Russell and A. A. LoReaux, sat Monday and Tuesday evenings at Judge Davis' courtroom in this place for voters to appear and sign the petition, and over 100 signatures were voluntarily obtained despite the fact that Tuesday night was a stormy one. It is now conceded that the election will carry by a two-thirds majority. San Bruno is composed of progressive people and will prove this spirit on election day.

SOUTH SAN FRANCISCO.

The official canvass of the vote on the sewer bond issue shows that a total of 303 votes were cast, a rather light vote considering the importance of the issue to the city. That the proposition met with a strong favor in the general sentiment is shown by the fact that of the total, 255 votes were in favor of the bonds and 48 against.

An active campaign in favor of home trading is being made by the local Chamber of Commerce. At the meeting last week practically all of the time was devoted to a discussion of this important subject, a number of the local merchants, as well as prominent residents of the city, taking part in the discussion. A committee has been appointed to interest the residents in the home trading idea.

Mr. and Mrs. Chas. Larson have gone to San Luis Obispo for a short stay. Mr. Larson owns considerable property in the southern city and will devote his time to looking after its improvement.

Last week John Zaro shipped to Portland, Oregon, a crop of potatoes grown in this section. This was but an opening shipment and it is expected that Mr. Zaro will send about 50 more cars before the close of the season.

A hynding returned Monday from an extended trip to Tehama county, where he went in the interest of the Western Meat Company.

SAN MATEO AND BURLINGAME.

On Saturday afternoon of this week the Burlingame Woman's club will celebrate the sixth anniversary of the organization of the club and the completion of their new club house. Open house will be kept in the new quarters and an interesting program of exercises will be given.

The D. O. Mills estate has two dredgers at work along the marsh lands throwing up levees from the bay mud. It is expected that several thousand acres of rich land will be reclaimed by this means.

The Burlingame city council is endeavoring to find some means of regulating the bill board nuisance, and is considering a license ordinance for this purpose. The difficulty seems to be to find a means of reaching the large boards erected on private property.

The Burlingame Lodge of Masons held an unusually interesting occasion last Tuesday evening, the occasion being an official visit from the M. W. Grand Master, William Parker, of San Francisco. A large number of visiting Masons were in attendance from neighboring lodges.

After a trial lasting several days, much of this time being required for the selection of a jury, E. W. McLeelan, a Burlingame nurseman, was acquitted of the charge of violating the city ordinance of Hillsborough which prohibits the driving of heavily loaded vehicles through the town de luxe. The defense was mainly a

technical one, it being contended that the charge should have been made against the firm and not an individual, and that the ordinance in its prohibitions failed to specify or include motor driven vehicles.

Manager J. H. Doolittle of the Peninsula Hotel at San Mateo has tendered his resignation to the board of directors of the hotel company to take effect July 1st. No action has yet been taken to select a successor.

Members of the San Mateo Camp, Woodmen of the World, are making preparations for a monster class initiation to be held some time in the month of July. District manager J. T. Van Houser has charge of the campaign and is reaching out for a general county revival. It is expected that camps from several adjoining towns will participate, each bringing a number of candidates of their own to add to the big local class.

Ellen Brunner of South San Francisco was brought to the county hospital last Monday, suffering from a severe wound in the back, inflicted by her husband. She was penniless and was compelled to go to the hospital. She is slowly recovering.

WOODSIDE NOTES.

Stanley Morsehead has secured a fine flow of water, by tunnelling through the hills on his place, formerly the property of Mrs. Halladie. He bored through the crust of the rock for 300 feet when the channel was struck and a big gush of water came forth. Geologists say the water comes from the Sierra Nevada Mountains by a course under the bay and up to the hills on this side seeking its level. Mr. Morsehead is much elated over the discovery and plans big things for this locality.

PESCADERO CORRESPONDENCE.

It started to rain Monday evening and so far we have had a little over an inch. This addition to the season's rainfall insures us good crops on the coastside this year.

A. J. Treat, L. Coburn's attorney, was here Monday evening and returned to San Francisco on Tuesday.

Mrs. L. Coburn has been confined to her home for a few days with a cold.

Miss A. Eaton, daughter of Mr. and Mrs. E. Eaton, is here from Stanford on a vacation.

Mrs. J. C. Williamson, Frank and Mrs. Williamson, are flying to San Francisco and back Monday.

Archie Ambler and wife were here on week-end visit.

Dudfield has the contract to build three cottages in the Big Butano.

Lon Dingwell of Davenport was here Monday buying cattle.

Mrs. Ed Dickerman has bought a new Cadillac.

C. Luscher, from Redwood, was here Monday.

Chris Koster went to San Francisco Monday morning.

M. Curtis is hauling 50 cords of Willow wood for L. Coburn.

ST. MARGARET'S GUILD GIVES SPLENDID ENTERTAINMENT

Whether considered from an artistic or financial point of view, the production of "Ship Aho!" at the Alhambra this week by the young ladies of St. Margaret's Guild was a decided success.

Notwithstanding unpropitious weather conditions of Tuesday evening, the initial presentation of this charming little comic opera was greeted by an audience of more than an ordinary size.

With the changed conditions of Wednesday evening an even more encouraging attendance greeted the efforts of the performers, striking evidence both of the ability of those taking part and the popularity of the production.

The young ladies of the Guild have every reason to feel proud of their effort and are to be congratulated on its very successful outcome. Under the energetic leadership of Miss Kittie Crowe they labored hard to merit the popular approval which they were given.

Much care was devoted to the details of the production, both in the matter of costumes and in the selection of the cast. As a result of this careful attention to details and thorough drill, there was an almost entire absence of that hesitation which usually attends a production entirely in the hands of amateurs.

The musical numbers were of a high order and their rendition in every case was excellent, while the delineation of characters could hardly have been excelled by the work of professionals.

From a financial standpoint the result was all that could have been desired. The public gave substantial appreciation of the efforts of the members of the Guild and the worthy object of the young ladies. Ever since the organization of St. Margaret's Guild its members have worked constantly to secure a sufficient fund for the erection of a Guild hall, a much needed adjunct for St. Peter's church, and this effort has resulted in a substantial addition to that fund.

New Building Contracts.

The following builder's contracts were filed in the county recorder's office during the week:

The Smoot Company agrees to do the plumbing in the gardens on the grounds of Charles Templeton Crocker at Uplands, Hillsborough, by July 5th, 1913 for \$1955. A. B. Rilevich agrees to do the concrete work on the grounds at the same place for \$1600 by July 5, 1913. Mr. Crocker has also awarded the following at Hillsborough:

F. L. Preston, brickwork, \$15,000; Pioneer Construction Co., steel erection, \$4,300; McGilvary Stone Co., stonework, \$8,150; Mangrum & Otter, tiling, \$3,450; Floodberg & McCaffery, met. part. and plastering, \$26,000; Floodberg & McCaffery, exterior cement work, \$25,000; Cavanaugh & Vezina, carpentry, \$13,150; Cavanaugh & Vezina, cabinet work, \$21,425; W. P. Fuller & Co., glazing, \$2,075; Rudgear Merle Co., ornamental iron, \$11,550; Forrester Cornice Works, roofing and sheet metal, \$2,250; Yale & Towne Mfg. Co., hardware, \$5,790; Insulated Floor Co., hardwood floors, \$4,295; Pac. Fire Ex. Co., heating and ventilating, \$8,686; Smoot Co., plumbing, \$10,428; Butte Engr. and Electric Co., electric wiring, \$4,450; Geo. A. Gadd, vacuum sweeper machine, \$549; Otis Elevator Co., elevator, \$1,400.

LOCAL NEWS NOTES OF MENLO PARK

Interesting Paragraphs of Personal News Gathered About Town.

Mrs. E. W. Hopkins came down from the city yesterday to spend the summer months here at her home on Oak Grove avenue.

Mrs. H. D. Parent and her young son and Mrs. O. E. Denhard and daughter have come down from the city to spend a week with Mrs. Charles Coxin.

Bishop Nichols will be here on Sunday, June 8, to confirm a large class in Trinity Episcopal church. Much preparation is being made by the members of the church for the coming of the eminent divine.

Leo Duff departed for Mendocino county during the week to look after some timber interests for his father. While there he will combine business with pleasure and whip the streams for trout.

The dancing school conducted by several well-known young ladies of this place is meeting with great success. All the latest dances are taught and the embryo dancers are becoming experts.

Rev. A. B. Chinn has been appointed an assistant to Rev. D. Crabtree of Redwood City and will act as such during the month of June. There is not a vacant parish in this diocese and when one occurs Mr. Chinn will be appointed.

An eastern man has purchased three acres land in Coleman Tract which he will improve preparatory to erecting a fine residence this summer. He has a number of men engaged in planting trees and choice shrubbery.

Miss Isabella Duff arrived home Wednesday from Grants Pass, Oregon, where she has been teaching in the high school and will spend her vacation here with her parents. Miss Duff has taught for two years in that school with great success and the trustees want her to return.

Miss Mary O'Dea and Miss Louise Joulie, who are employed in the auditor's department of the Southern Pacific Company in San Francisco, will spend the week-end in Los Angeles. They will be accompanied by several other young ladies from the office.

It is rumored that James L. Flood has purchased the State's interest to several hundred acres of land adjoining his property on the bay road. The real estate formerly belonged to the Flood estate but was deeded to the University at Berkeley by Miss Jennie Flood some years ago.

Three tree surgeons are at the Cluff place giving their skillful attention to the oaks. All the decayed spots on the trees will be cut out and filled with cement and other mixtures to preserve the life and vigor of the oak. The tree doctors were in this locality last year and did some good work.

The Sunday school children of the Episcopal church will picnic today on the E. D. Connelly ranch at Alpine. Several carriages have been engaged to convey the young folks to the scene of the day's pleasure. The Sunday school children of the Presbyterian church will also accompany the picnicers as their guests.

Supervisor John MacBain has just received from the east a large Kelly Springfield Fifteen Special road roller, the latest improved, for use in his district. The old one was turned into the company, the district receiving credit for same. The new roller is a splendid piece of machinery, capable of doing excellent work.

A free moving picture show and lecture will be given under the auspices of Menlo Park, N. S. G. V., by the Home League of California in Duff and Doyle hall on Wednesday evening, June 11. The object of the lecture is to encourage the purchase of "Made in California" goods, and products of every section of the state. A big attendance should greet the lecturer.

The Five Hundred Club gave an elaborate entertainment to its members Wednesday evening in honor of the anniversary of the birth of the club's vice president, Mrs. James T. O'Keefe. Cards were played until a late hour when tempting refreshments were served. Mrs. O'Keefe was the recipient of numerous congratulations and well wishes from her club friends.

Three Japs have purchased six acres of land in the Quilotta tract facing on Valparaiso avenue. The Japanese are to engage in raising chrysanthemums for the San Francisco market. The little brown man is getting busy and purchasing property where ever he can secure it, paying fancy prices for it. The Alien Land law goes into effect in August so he must be up and doing in order to procure land before the expiration of that time.

The heavy rain of Tuesday, contrary to all expectations, did little or no damage, in fact the precipitation in this locality has been raising the water level in the San Francisco bay for want of sufficient water to produce good berries. The recent rain will aid in producing one or more shipments. The downpour will also benefit the late sown grain. No harm has been done to the cherry crop.

The school trustees have selected the plans of J. W. Dooliver from among five others submitted by well-known architects. The plans are very elaborate and the design is beautiful and strictly in line with the style of architecture. The building will be one story in height with a concrete basement. The trustees will soon advertise for bids so that work on the structure will begin this summer. Mr. Dooliver was formerly a member of the firm of Dodge and Dooliver, the firm that designed and superintended the construction

SEQUOIA HIGH GRADS GIVEN SHEEPSKINS

Sixteenth Annual Commencement Exercises of Sequoia Union High School Attract Large Audience

Hemmed in by a perfect bank of floral offerings—nature's beautiful tokens of love—brought by the hands of loving relatives and friends the members of the graduating class of the Sequoia Union high school received the coveted parchments which attest to the world that they have faithfully and creditably completed the initial course of higher education. That the occasion was one of interest to the general public as well as to those immediately interested in the members of the graduating class was plainly evidenced by the principal of a general audience which filled every available seat in the large auditorium of the Alhambra, where the exercises were held.

Preparatory to the presentation of the formal program the large audience was put in the best of humor by the presentation of a splendid little operetta, "Lady Frances," written by O. M. Carrington, the popular musical instructor of the school. This pretty little musical production was excellently rendered by members of the Treble Clef Club of Sequoia and was received with rounds of applause.

When the curtain rose for the formal exercises of the evening the members of the graduating class, led by Professor S. P. McGree, the principal of the school, were disclosed, seated in a semicircle. With a brief introductory remark Prof. McGree presented Miss Grace Steinberger to whom had fallen the honor of Salutatorian. The essay of Miss Steinberger was an excellent one, splendidly delivered and is reproduced in full:

The Salutary
There was a man facing an opportunity. It was a tremendous opportunity. It was the city of Rome, to which all roads lead. Over against the gigantic opportunity stood a man sent from God, whose name was Paul. He was looking at it not as a trader, thinking of the money there might be there; not as a soldier, thinking how it might be captured, but he was looking at it with the eye and heart of a prophet. He saw it as a moral field; wide and rich in possibilities, but largely given over to weeds. He saw the difficulties in the way—he had no illusions on that point. All things seemed to be stumbling blocks to him. Yet he said, "As much as in me, I am ready."

Let the Rome of that day represent human ability, conscious of its limitations in any given direction. Now the immediate question is such a field is not as to the amount of difficulties, or the number of obstacles which may loom before us; it is not as to the immediate prospect for some glittering success—the final issue is in God's great hands. The question which concerns us is our own personal attitude in the presence of duty, a manifest duty, a chance to do our best in some corner of the great field. Are you willing to say, "As much as in me, I am ready?" When anyone is ready to say that we may look for results.

Paul was not responsible for the conditions at Rome—he did not make Rome what it was. He was not responsible for the fact that others had tried and failed—that was not his affair. But the only thing he was responsible for was his own personal attitude in the presence of duty. There his voice rang clear, "As much as in me, I am ready."

When students are graduated from high school or college, they know not when or where they may be called upon to offer their services in this great world of ours. Would that each and every one of them might have the spirit of Paul and say, "Whatever is in me, I am ready."

Upon this platform tonight ar ready to go into other schools or into the great world, not knowing what tomorrow may demand of us, I hope each of us will be ready to do what he can, for the best work of the world has been done by the men and women who were ready to do what they could. When duty presents itself, let us be there ready to undertake responsibility, for we can never tell what the day after tomorrow might do in return for us. Some of us have definite ideas as to what we intend doing after graduation, while others are undecided as to their future. Perhaps opportunity will come knocking at the door of those who are doubtful and from that time on their lives will be moulded until eternity. The only way to take advantage of opportunity is to be ready to put forth what is in you, for to-morrow—what?

Diplomas Presented.
Following the delivery of the salutary address, the program was continued by the presentation of the diplomas at Redwood City that was destroyed by the earthquake.

Supervisor MacBain is rocking the "rough spots" of the Middlefield road and putting on a covering of screenings that is being rolled into the oil. The work is not permanent as this thoroughfare is among those that are to be rebuilt by the funds raised by the recent bond election. It must be repaired for all the travel south for the next four months will be on this road, owing to the fact that the main county road is being torn up and reconstructed by the State Highway Commission. It will be late in August before the thoroughfare will be fit for travel.

DOINGS ABOUT THE COUNTY OFFICES

Matters of General Interest to Litigants Culled from the Public Records.

The defendants in the case of L. Woodward against the Glenwood Lumber Company have substituted A. H. Jarman as attorney in the place of Theodore A. Bell. The notice of substitution was filed in the county clerk's office last Tuesday.

Appeals to Supreme Court.

J. F. Pankewicz, plaintiff in the suit of J. F. Pankewicz against Clara Jess and others has filed a notice of appeal to the Supreme Court from the judgment rendered by Judge Buck on May 22 in eliminating Sheriff J. H. Mansfield as one of the defendants in the action.

Ask for a New Trial.

The defendants in the suit of the Halfmoon Bay Land Company against F. H. Cowell and others have filed a notice that they will ask for a new trial on the grounds of newly discovered evidence and other grounds. The suit involves the right to water of a certain creek on the coast and was decided some time ago by Judge Buck in favor of plaintiff after a long trial.

New Probate Applications.

William L. Dauterman has filed the last will and testament of Ursula H. Holding. The estate consists of personal property valued at \$500 and an undivided one half interest in certain property at San Mateo which said half interest is worth \$2000. The entire value of the estate does not exceed the sum of \$2500. The deceased left a will bearing date of December 8, 1912. W. L. Dauterman and Minnie J. Gunzendorf are named as executor and executrix.

Appraisers File Reports.

H. W. Schaberg, H. C. Tuchen and H. D. McGarvey, appraisers of the estate of Jane L. Kreiss, deceased, have filed their inventory and appraisal. The total value of the estate is placed at \$13,542.82. It consists of money in the hands of the executors and executrix amounting to \$555.85, cash in bank amounting to \$4654.59, four promissory notes appraised at \$6700.25 and real estate located in Alameda county appraised at \$1632.13.

Articles of Incorporation Filed.

The following articles of incorporation were filed in the county clerk's office during the week: The Otto H. Reichardt Duck Co. has incorporated with a capital stock of \$50,000 divided into 500 shares at a par value of \$100 each. The principal place of business is San Francisco and the actual amount of stock subscribed is \$50,000 subscribed by the following stockholders: Otto H. Reichardt, 479 shares, \$47,900; Jacob Weidenbacher, one share, \$100; Eric Pietronavo, 20 shares, \$2000.

Marriage Licenses Issued.

Harvey C. Johns, aged 25, Santa Clara and Jessie Sporleder, aged 18, Los Gatos.
Albert Sweet, aged 62 and Mary Schluter, aged 62, both of San Francisco.

William Corrigan, aged 33 and Cora Young, aged 25, both of San Francisco.
Arthur W. Swingle, aged 27, and Frances George, aged 33, both of Redwood City.

William J. Gallagher aged 31, New York and Isabella C. Busch, aged 22, San Francisco.

New Actions in Superior Court.

H. H. Smith has begun suit against W. O. Nicolais and Frank Burghrd of Daly City to recover the sum of \$830.70, for lumber furnished and supplied by Smith.

Joseph R. Vioget has brought divorce proceedings in the Superior court against his wife, Ellen E. Vioget on the grounds of extreme cruelty and desertion. The couple was married at San Francisco on February 7, 1907. There is no community property. Plaintiff asks for the sum of \$1000.

Estate of James J. McEntee, deceased. Order to show cause granted. Estate of L. T. Carter, deceased. Probate of will continued to June 12.

Estate of Margaret Madden deceased. Account of Charles McNamara allowed and settled and petition for distribution granted. Estate of William Morley, deceased. First and final account and petition for distribution continued to June 5th.

Estate of Helena P. Scarpa, deceased. M. J. Scarpa granted letters of administration with bond fixed at \$3600. Estate of Mary B. Hansen, deceased. First annual account of the executor allowed and settled. Partial distribution granted.

Orders in Superior Court.

Lester Blanchard vs. Thos. J. Kelly. Motion to strike out continued to June 12. Arthur C. Sheffield vs. Mary E. Sheffield. Notice of motion for stay continued to June 5.

Annie L. Turner vs. Bernhard Matress Co. Demurrer set for June 12th. J. F. Weinke vs. C. B. Smith et al. Trial continued to June 12. Elsie R. Ryley vs. Ralph M. Ryley. Interlocutory decree of divorce granted plaintiff.

Leroy Padgett, et al vs. E. A. Hardy, et al. Demurrer continued to June 5th. Emil Peterson vs. The United Railroads. Demurrer continued to June 12. John Wilson vs. Eugenio Doneluz. Demurrer continued to June 5. C. J. Lindgren vs. H. Williams, et al. Judgment for plaintiff as prayed for.

J. H. Nash vs. P. P. Chamberlain, et al. Judgment for plaintiff by default. Redwood City Commercial Bank vs. Loren Coburn. Order made substituting M. J. Hynes as defendant in place of Coburn.

Christian Science Services.

Christian Science Society, First National Bank Building, Redwood City, Sunday 11 A. M. Subject "Modern Necromancy" alias Mesmerism and Houdini. Roderick Hydenfeldt, George Lamb, and Henry Winkler.

PASSING MATTERS OF LOCAL INTEREST
